ENHANCING CHARITY & DONATIONS THROUGH FINTECH & TECHNOLOGY

PRESENTED BY
404 ERROR NOT FOUND

Enhancing Charity & Donations through Fintech & Technology

Lack of Transparency

- Donors cannot trace where their money goes
- lack of trust in charitable platforms

Inefficient Fund Distribution

- manual processes → slow down fund allocation
- increase operational costs

Limited Accessibility & Inclusion

- Excludes unbanked & tech-challenged due to complex access

PROBLEM STATEMENT

OUR SOLUTION

1

Stablecoin-Based Donation Platform

Ensuring low transaction fees, fast transfers, and financial access even for the unbanked.

2

AI Chatbot and Smart Fund Allocation Tool

Engages with users to provide assistance and suggestions
Analyses and allocates funds based on urgency and impact level

3

Real-Time Tracking with Transparent Dashboard

Users can view everything via a transparent and traceable digital dashboard powered by blockchain-like tracking.
